‘An ambitious curriculum that meets the needs of all’

## Medium Term Planning - Topic: Jewish Beliefs

<b>Curriculum Intent</b>	<p><b>Why do we teach this to students?</b></p> <p>Students study this as part of their GCSE Religious Studies. This topic is the start of their study on Judaism which includes Jewish Beliefs and practices. It is the second religion taught at GCSE alongside Christianity and it allows students to complete their GCSE Paper 1. We teach this to students to allow them to fully understand the Jewish faith. They study the teachings and practices of Judaism and their basis in Jewish sources of wisdom and authority.</p> <p><b>Why do we teach this now?</b></p> <p>We teach this unit now as it needs to be delivered after the Jewish beliefs topic. Jewish Beliefs is taught before Jewish practices so that students understand the beliefs of the Jewish people before they look at how these beliefs are put into practice. This also allows student to then apply the Jewish beliefs, with a greater understanding, to the themes units that follow</p> <p><b>Specification aims:</b></p> <ul style="list-style-type: none"><li>• develop their knowledge and understanding of religions and non-religious beliefs, such as atheism and humanism</li><li>• develop their knowledge and understanding of religious beliefs, teachings and sources of wisdom and authority, including through their reading of key religious texts, other texts and scriptures of the religions they are studying</li><li>• develop their ability to construct well-argued, well-informed, balanced and structured written arguments, demonstrating their depth and breadth of understanding of the subject</li><li>• reflect on and develop their own values, belief, meaning, purpose, truth and their influence on human life</li><li>• reflect on and develop their own values, beliefs and attitudes in the light of what they have learnt and contribute to their preparation for adult life in a pluralistic society and global community.</li></ul> <p><b>Assessment Objectives:</b></p> <p><b>AO1:</b> Demonstrate a knowledge and understanding of religion and beliefs including:</p> <ul style="list-style-type: none"><li>- beliefs, practices and sources of authority</li><li>- influence on individuals, communities and societies</li><li>- similarities and differences within and/or between religions and beliefs.</li></ul> <p><b>AO2:</b> Analyse and evaluate aspects of religion and belief, including their significance and influence</p> <p>The assessment objectives are weighted 50:50 in the exam.</p>
